New York stocks were not the only lasues that suffered during the last week. The extent to which stocks and bonds listed on the Washington Stock Exchange were affected is shown by the fact that out of the eighteen issues traded in only three showed higher figures than the preceding week; twelve sold at lower prices, and of these, seven recorded new lows for the year.

Capital Traction, District National Bank, and Washington Loan and Trust were the only issues to show gains, and the first National and Compercial Fire insurance companies on Thursday, and the First National and Compercial Fire insurance companies on Thursday, and the First National and Compercial Fire insurance companies on Thursday, and the First National and Compercial Fire insurance companies on Thursday, and the first National and Compercial Fire insurance companies on Thursday, and the first National independent of the consolidated is a support of

The Washington banks are having new homes built for their occupancy, the Security Savings and Commercial Bank, at Ninth and G streets northwest, and the Home Savings Bank, at Eighth and He Breets northwest, and the Home Savings Bank, at Eighth and He Breets northwest, and the Home Savings Bank, at Eighth and He Breets northwest, and the Home Savings Bank, at Eighth and He Breets northwest. In the Security, Washington's youngest banking institution, which is now occupying temporary quarters at 355 Ninth street, is making a modern and attractive banking house out of the structure at the northeast corner of Ninth and G streets. The architects, Milburn, Heister & Co., under whose direction the new building is being erected, expect to have the bank ready for occupancy by the end of the month. The entire first floor is being remodeled for the bank, while the whole building will be changed to conform to the strict of the first story, making an attractive improvement.

A new building of brick and stone, two stories and basement, is being erected for the Park Savings Bank, which is now located in the Arcade building. It will be occupied about September 1. The bank will occupy the first floor and the basement of the Home Savings Bank is expected to occupy its new building by July 1. This is a one-story building to be used entirely by the bank.

The New York stock market has keenly interested local investors during the past week. Middendorf, Williams & Co., Baltimore bankers, in their weekly review, take a hopeful view of the situation. They say:

The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-gages), well secured on real estate in the District of Columbia, constitute "gill-edge" investments. They do not depend upon the financial responsibility of individuals or cor-parations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from 1500 upward. Send for booklet, "Concerning Loans and Investments."
